<https://pikespeakhabitat.org/restore-2/>

### Purpose:

FEMA purchased homes that are sliding in the Broadmoor Bluffs area. ReStore is assisting in deconstructing materials from the homes that can be reused and sold from the ReStore. ReStore helps Pikes Peak Habitat for Humanity build the community, and our time deconstructing the homes directly impacts our neighbors.

### How you can help:

Always remember ReStore is an opportunity to donate gently used furniture, appliances and building materials. ReStore will resell your items, and profits raised from the ReStore go towards building affordable homes in the community.
